DON'T KNOW WHERE YOU ARE

Text und Musik: Tutti

Standing alone at the station
It's raining, don't know where you are
Tell me stories, what I'm do wrong
not easy alone, you be so far!
Don't know, where you are!

Rain goes stronger, also in me
miss you in evr'y second a little bit more
standing alone with my mistake
don't see the light, I am waiting for
Don't know, where you are

Refrain
Where are you? What can I do for our love?
Where are you? Now we're not high above!
Don't know, where you are

We only talk and talk, assignment of guilt!
What's this? What's that? You owe me an explanation.
That's not good, it destroy our love!
I hope, we got new inspiration!
Don't know, where you are

Refrain
Where are you? What can I do for our love?
Where are you? Now we're not high above!
Don't know, where you are
